

TRAINING PROGRAMS

Welch Equipment Company is dedicated to training and the proper use of material handling equipment. We offer OSHA certified training on all equipment we sell or service.

Operator Safety Training

This course is designed for individuals who will be operating your equipment. Operator Safety Training includes:

- Forklift Safety Facts
- OSHA's 1910.178
- General Duty Clause OSH Act 5(a)(1)
- Battery/Propane Safety Maintenance
- Lift Truck Vehicle Inspections
- General Safe Forklift Operating Practices
- ANSI B56.1-2004
- Personal Protective Equipment and Fall Protection

Train-The-Trainer

The Train-the-Trainer Course was developed to provide in-house instructors with the necessary tools for training their forklift operators on how to safely operate industrial equipment. Training includes:

- Relevant State and Federal Legislation
- Material Handling and Logistics
- Due Diligence
- Qualities of an effective instructor
- Pedestrian Safety
- Loading Dock Safety
- Basic Principles of Stability
- Propane/Batteries
- Safe Operating Procedures
- Pre-Operative Inspections
- General Safety Rules
